SPECIAL NOTICE.

The Ledger today invites every thinking man, professional man and plain citizen to read the Board of Trade article on page four in this issue. It means much to Maysville's future. Let us act upon it. Send in your suggestions.

FIELD DAY LEAGUE PARK JULY FOURTH.

Field day will be observed on the afternoon of July 4 at League Park.

The events will include fango bathing, base running, long throws, 100-yard dash and other field sports and many useful prizes will be offered for the winners.

A large number of the merchants have already been seen and others will be asked to contribute so that the prizes will be well worth the effort and besides these prizes the Maysville Regulars will offer a cash prize in each event.

An added attraction will be a baseball game between the Regulars and some strong team from Covington or Cincinnati. O'Hannan will play with the Regulars and as his hitting is quite a feature, the Regulars feel confident that they will render an excellent account of themselves, no matter how strong the visitors may be.

BANK OF MAYSILICK.

In the issue of June 22, the Bank of Maysilick published a statement of its condition at the close of business on June 15, and the officers are to be congratulated upon the showing made.

The bank has a surplus fund equal to its capital and the undivided profits after deducting taxes and expenses are nearly 10 per cent more. The significance of these two accounts is that they offer just that much more security to the depositors and their steady increase indicates that the bank is managed upon a profitable and conservative basis, entitling it to the confidence of the people and the respect of the banking world.

Business envelopes, size 6 1/2 x 7 1/2 cents per thousand. Less than 75 cents for twenty-five.

FARMERS AND TRADERS BANK MAKES SPLENDID SHOWING IN LAST STATEMENT.

In yesterday's paper there appeared the statement of the Farmers and Traders Bank, showing its condition at the close of business on June 15.

The statement shows a most healthy and prosperous condition and places this bank among the leading financial institutions.

The Farmers and Traders is not an old bank, but its officers, by careful and conservative, though progressive management, have, in a remarkably short space of time succeeded in building its business until it now occupies an enviable position in the banking world and while it is still not the largest, it is among the strongest and its recent progress indicates that before long it will be as large as it is solid.

FUNERAL OF THOMAS A. DAVIS.

The funeral of Mr. Thomas A. Davis will take place from his late residence, on River View Terrace this afternoon at 2:30 o'clock. Rev. F. W. Harp, of Latonia, and Rev. W. B. Campbell, of this city, will officiate.

The pallbearers will be Messrs. John Shepard, E. A. Robinson, A. G. Sulser, J. C. Hains, John W. Thompson and Thomas M. Russell.

The honorary pall bearers will be Messrs. J. Foster Barbour, A. F. Curran, A. M. J. Cochran, John Altmeyer, W. C. Watkins and W. H. Robb.

LAWN FETE.

On Wednesday evening, June 23, there will be a lawn fete at the residence of Mrs. John L. Whitaker for the benefit of the organ fund of the Episcopal church. Refreshments will be served, fortunes told and a general good time is promised. Come and help the cause.

DANCE A SUCCESS.

The dance given Thursday night at Beechwood Park by Mr. Thomas King was a success, many attending. The music was furnished by the Maysville Saxophone Trio, and the refreshment booth was in charge of M. G. Birely & Son.

On account of the heavy passenger traffic over the C. & O. train No. 5 was divided this morning into two sections, the second section having aboard eighty-nine passengers bound for the Panama Exposition at San Francisco, via Chicago. Who says business is dull with the C. & O.?

Hon. Thomas Slattery, United States District Attorney for the Eastern District of Kentucky, is in Maysville this week visiting relatives.

Mr. George Coleman, of Mt. Sterling, was a business visitor on Wednesday.

BEAUTIFUL EDMONT

Lot Sale a Big Success—Many Lots Sold—Building Site Finest in Vicinity.

Thursday afternoon the big lot sale at "Edmont-on-the-Hill," Maysville's new suburb, was conducted by the Bowman Realty Company, of Huntington, W. Va., for account of Messrs. N. S. Calhoun and Stanley Reed, the owners.

After an opening address by Mr. L. H. Cammack, secretary-treasurer of the realty firm, Col. E. E. Lambs was introduced as auctioneer, and the big sale started by selling Lot No. 22 to Col. Thomas Winters, of Court street, for \$225.

The sale continued all afternoon, and the lots were eagerly bought by the citizens of this city, who can see the possibilities of the future for that section. Messrs. Calhoun and Reed had arranged for the comfort of all who attended, having provided a large tank of ice water for the thirsty, while the F. H. Traxel Company had a soft drink wagon on the grounds, and many vendors selling delicacies to those who were hungry. Messrs. Reed and Calhoun had also provided more than a dozen autos to convey the prospective buyer from the heart of the city to the cool heights above, and many took advantage of this means of getting to the sale.

The twilight sale was also well attended, as many citizens strolled out to the pretty suburb to hear the fine music rendered by the Aberdeen Brass Band. Many lots were sold after supper, and the sites were still in demand when darkness stopped the sale.

Thursday evening at the office of Mr. Reed, in Court street, the results of the sale were figured up and the success of the undertaking was a big surprise to both owners and to the promoters. There were forty-four lots sold, aggregating more than \$7,500, which makes an average of \$175 a lot. The promoters feel sure that if they had had a little more time they would have sold all of the sixty lots without much trouble, and as they can not hold another auction, they will sell the lots privately at auction prices.

Mr. LeWright Browning and Mr. W. H. Reed bought nine lots on the point of old Port Hill. The free lot given away by Messrs. Calhoun and Reed was won by Mrs. Fannie Blaine, of this city, and the fifty other valuable prizes were distributed at times during the sale.

Others who bought lots were as follows:

W. W. Wikoff, Thomas Winters, Mrs. T. M. Russell, Mrs. J. F. Barbour, Mrs. J. W. Powers, Mrs. D. E. Fee, Mrs. H. T. Davidson, Miss Florence Rogers, J. C. Rogers and H. W. Cole.

Many of the purchasers of the lots will erect residences as soon as gas and water are installed, which will be within a few weeks.

SOCIAL NEWS.

Mrs. Hall Stride entertained the Five Hundred Club on Thursday afternoon with one of the most successful five hundred parties in its history.

The club prize was won by Mrs. C. Ed. Giesel. Mrs. Walter Worthington won the guest prize, and Mrs. Ross won the general prize.

Delightful refreshments were served and a most enjoyable afternoon was spent.

Mr. and Mrs. W. S. Tully entertained a number of friends with a sumptuous dinner at their home in Helena, Sunday, in honor of their guest, Rev. J. L. Finnell, of Lexington, Ky. Among those present were Miss Nellie Flannell, of Kansas City, Mo.; Miss Julia D. Rice, of Lewisburg, Ky.; Misses Ethel Griffin, Katie Hughes, Dr. and Mrs. W. G. Phillips, Mr. and Mrs. Avery Ewan, Verner Ewan, of Helena, Ky., and Mr. and Mrs. Preston Seamounts, of Wedona, Ky.

BAND CONCERT.

Thursday evening the Germantown Brass Band, of fourteen pieces, gave a concert in front of the store of George H. Frank from 8 to 9 o'clock. The concert was enjoyed by a crowd of about 1,000 music lovers, the jam at several times stopping traffic. After the sale at Edmont, the Aberdeen Brass Band, which had been playing at that place, came down the street and stopped in front of F. H. Traxel's, where they rendered several selections. The crowd urged the hands on until a friendly contest for the supremacy of the musical honors of this vicinity was in full blast. After about an hour of playing by both bands, they stopped with honors about even. The treat was enjoyed immensely and there was much talk of Maysville's being out done by her smaller sisters, in that there is nothing like a band within the borders of this city.

Mr. W. H. Mead and wife were in Cincinnati Thursday shopping.

BASEBALL SUNDAY.

The Regulars will meet the Cincinnati Emeralds on Sunday at League Park and a fast game is promised.

The Emeralds are one of the best teams out of Cincinnati and have been putting up the kind of ball this season that makes you glad you saw the game. They are coming with the idea of taking the Regulars into camp, but from the way the Regulars have been working and from the improvements seen in their practice efforts, it is probable that the Cincinnatians have reckoned without their host. Both teams are determined to capture the game and the indications are that it will be one of the best of the season. Come out and root for the local boys.

CHAUTAUQUA PARTY.

Mr. W. H. Alexander, Chautauqua advertising man, who has been here for the past ten days looking after the interests of the Chautauqua, headed an automobile party this morning, which had for its purpose the advertising of Maysville's Chautauqua. They will visit Maysilick, Bowling, Newport, Ellettsville, Flemingsburg, Helena, Louisville, Minerva, Germantown and Dover. Luck to them and may their efforts swell the attendance during Chautauqua week.

THOMAS A. DAVIS.

News of the sudden death of Mr. Thomas A. Davis, founder of The Public Ledger, was received with profound regret not only in newspaper circles, but in every field of activity. Few men in Maysville were better known or more highly esteemed.

Mr. Davis had his early training in journalism in Louisville before the war, and from there he went to Washington to join the staff of the Congressional Globe. Later he went to Philadelphia, where he had charge of city printing for two years and then moved to Dover, Del., and was placed in charge of state printing, which position he held for one year.

At the outbreak of the Civil War, Mr. Davis enlisted with Company C, Second Pennsylvania Reserve Corps, but was forced to retire in a short while on account of ill health. He accompanied the Army of the Potomac as war correspondent for the Philadelphia Inquirer until January 26, 1864, when he enlisted with Company L, Twentieth Pennsylvania Cavalry. He rode with the famous Sheridan and as a reward for faithful service and conspicuous bravery, was promoted to the rank of Adjutant, which rank he held at the time he was mustered out.

Shortly after the war he returned to Maysville and after about a year spent in reading law, he again returned to his chosen profession and established The Maysville Republican. In 1892, The Republican was reorganized into The Daily Public Ledger, and until 1907 he devoted his exceptional talents to the management and editorship of that publication.

Mr. Davis was a deep student, a clear thinker and a writer of exceptional force and felicity, and in the treatment of a wide range of subjects during the years of his editorial activities, he never failed to show a masterful grasp of his subject nor to leave on the mind of his reader the impress of a strong personality behind the impersonality of his editorial page.

He was a man of many convictions, of unbending courage and passion in his devotion to principles. His sense of justice was acute, but with it all he was one of the most modest and gentle of men and he leaves a host of warm personal friends to mourn his death.

It is comforting to look back upon the life of one of our good friends who has been taken away, and mark how well he withstood life's buffets; how uncomplainingly he bore its burdens; how meekly he accepted its honors and delights. And we shall never forget the honesty of heart and mind, the simplicity of life, the love of books, the sound learning, and, above all, the kindness which never failed and the loyalty which never faltered.

Photographs of Paderewski, the world famous pianist, are being sold by the thousands in an effort to raise funds for the war sufferers in Poland. That is good, and Pad is patriotic, and if it becomes necessary for other noted men to come to the front we shall unhesitatingly tender the use of ours.

Our staff correspondent at the front sends us a wireless to the effect that "the war may end next week, and then again it may not." For downright reliability, sagacity and truthfulness, that correspondent is second only to ourselves. He's a bird.

There is some consolation in the thought that "conscience makes cowards of us all." When an irate subscriber threatens to sweep up the office with us we just set him down as a man without a conscience and jog serenely on.

France hails America as the savior of humanity, which sounds good and tickles us mightily. In the meantime let us adopt measures to save America first. It is a man's job and will require many men to put it over.

A lady at Peoria, Ill., has "been in mourning ever since her marriage in December." And still they marry!

Many of our public men are discoursing learnedly on the German situation, and—saying nothing.

An Old School Genius.

Robert W. Chambers, the famous novelist, was talking about a writer of the past.

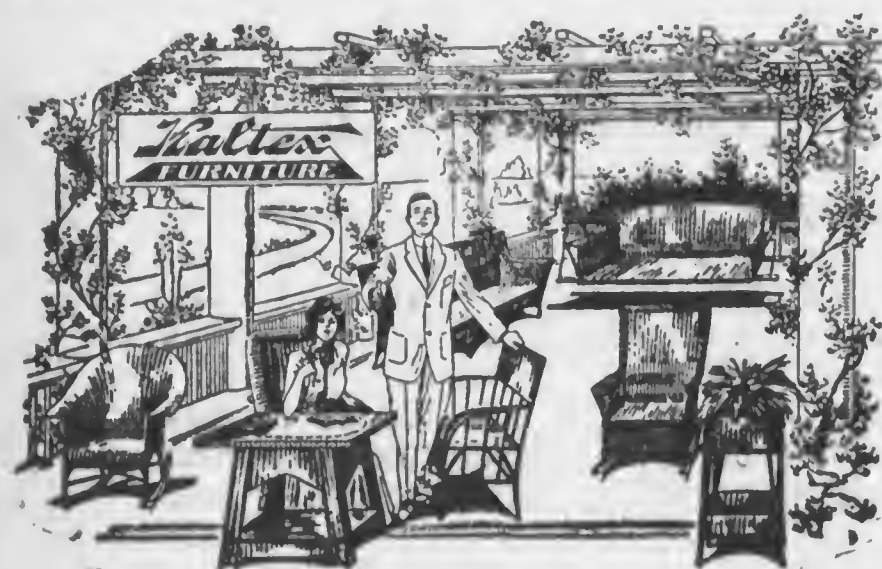

"They call him a genius now," said Mr. Chambers, "yet he produced very, very little. There's an anecdote that tells the reason why."

"He was arrested one night, and the magistrate asked him what his business was."

"The critics," he answered haughtily, "call me a genius, your honor."

"Indeed!" said the magistrate, "it's time you were warned. I prescribe seven days away from the bottle."

"Do you like spinach?" Pat was asked.
"No, I do not like it," he replied, "and I am glad I don't like it, because if I liked it, I'd eat it, and I hate the damned stuff."

The readers of this paper will be pleased to learn that there is at least one dishonest dealer who has been able to cure all his diseases, and that is Calmar. Hall's Calmar Cure is the only positive cure now known to the medical fraternity (Calmar being a constitutional disease, requiring a constitutional treatment). Hall's Calmar cures all internal diseases, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer the Hundred Dollar reward to any one who can furnish a case of failure to cure. Send for literature.

GOOD HOUSEKEEPING IS THE ROAD TO ECONOMY.

A plain pudding may pass muster, but a plain pie, never. The crust must be rich and flaky, tender and slightly after baking. With first-class shortening, a good oven and a little experience, satisfactory results are quickly secured. May the product never grow less.

Pumpkin pie is, without doubt, the most popular of the long list of pies; not only do poets sing its praises but scientists rise in its defense when other nations ridicule this American favorite.

To make pumpkin pie, steam, instead of boiling, the pumpkin and when it is cool put it through the vegetable press or sieve, then it will never be lumpy.

For every pie allow one cup or the pumpkin, one cup milk, one egg or the yolks of two, one teaspoon of ginger, one-half teaspoon of allspice, one teaspoon of cinnamon and a little salt. Sweeten the mixture to taste. Cook this in a double boiler until it is a smooth, rich paste. Have the pastry shells ready, fill them and bake until the filling is a rich glossy brown and firm to the touch.

This pie may be finished with a meringue of whites of eggs as is lemon or custard pie, but this added touch seems unnecessary, so good and attractive is pumpkin pie of itself.

The recipe for everyday pastry is extremely simple: For each pie measure a cup and a half of flour, a teaspoon of salt, one-fourth cup of lard and one-fourth cup of butter. Rub the lard into the flour and salt and when the flour is grainy and well mixed with the shortening add as little very cold water as will make the mass moist. If too much water is used the pastry will be tough. The exact amount of water needed can not be given as some flour requires more and some less. Roll the paste out and spread on the butter, sift flour over this and fold pastry over itself. Roll out again and continue this until all the but-

Take a Rexall Orderlie Tonight It will act as a laxative in the morning

Chenoweth Drug Co., Inc.

ter is used.

At last roll the crust very thin, lift it into the pie tin and press the edges down around the rim and trim neatly.

For pumpkin, custard and all pies baked in open shell, the crust may be baked before the filling is put in as this prevents the pastry becoming moist if the pie is not used at once.

Pumpkin Fanchonettes are for the little folks who enjoy a small pie. They are baked in patty shell pans as tarts are.

HELP THE KIDNEYS

Maysville Readers Are Learning The Way.

It's the little kidney ills—
The lame, weak or aching back—
The unnoticed urinary disorders—
That may lead to dropsy and Bright's disease.

When the kidneys are weak, Help them with Doan's Kidney Pills. A remedy especially for weak kidneys.

Doan's have been used to kidney troubles for 50 years.

Endorsed by 30,000—people—endorsed at home.

Proof in a Maysville citizen's statement.

W. F. Lynch, 127 W. Third St., Maysville, Ky., says: "My kidneys were weak and the passages of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box and they quickly restored my kidneys to a normal condition."

Mr. Lynch is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—If your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Lynch had—the remedy backed by long testimony. 50c all stores. American government's note concern-
ing Germany's submarine warfare, and
the first draft of the document pre-
sumably will be finished at the end
of this week. As the reply this time
will be submitted to Emperor William,
at headquarters after it is threshed
out between the departments con-
cerned, it will probably not be ready
for transmission before the middle or
end of next week.

There is no clear indication of the
probable nature of the note yet ob-
tainable. From the emphasis which
the naval writers continue to lay upon
the alleged British practice of fly-
ing neutral flags and encouraging mer-
chantmen to attack submarines and
the impossibility of submarines to ob-
serve the regulations concerning vis-
itation and search under those condi-
tions, it might be anticipated that this
argument would be the kernel of the
reply. But at the Foreign Office there
seems to be an impression that this
point will appear only as a subordi-
nate part of the reply, if at all, and
that an attempt will be made to give
a definite answer to President Wil-
son's requests, one way or another.

The alleged armament of the Lusitania
probably will not figure promi-
nently in the next note. Considerable
testimony has been assembled regard-
ing the presence of guns aboard the
Lusitania, but it all refers to voyages
prior to the one on which the Lusitania
was sunk, although some of it touches
on trips made since the war began.

German Sailor's Testimony.
A German sailor named Emil
Grabe, for instance, deposes in an af-
idavit published here, that he sailed for
four years on British ships, including
the Lusitania and the Mauretania. He
avers that he made three trips on the
Lusitania, and that she, like the Mau-
retania, carried five or six twelve-inch
guns—two on her after deck,
two amidships and one or two for-
ward. Grabe testifies that he personally
watched naval reservists in the
crew of the Lusitania exercising with
these guns. Higher business influ-
ences continue to be exerted in favor
of a peaceful settlement with the
United States. A number of indus-
trial and commercial leaders in Ger-
many have appeared in Berlin during
the last few days to use their influ-
ence personally to this end.

No further details regarding the
manner of the destruction of Captain
Otto Weddigen's submarine, the U-29,
are obtainable here. The admiralty
says that all the information in its
possession was contained in its an-
nouncement of last Friday, that the
underwater boat had been rammed and
sunk by a tank steamer after the tank-
er had been ordered to stop.

KENTUCKY COURT'S RULING MAKES CHANGE IN FILING OF NOMINATION PAPERS.

Frankfort, Ky.—Cecil Vansant, As-
sistant Secretary of State, has ad-
dressed a letter to candidates in dis-
tricts comprising one county, notifi-
ying them that they must file their
nominating papers with the clerk of
their county.

The Court of Appeals decided that
where the district comprised a county
that the candidates in that district
must file with the County Clerk. "This
opinion was given in the case of Ray
against Kirtz, of Jefferson county."

Vansant says: "Under this opinion
I shall not certify the name of any
candidate who, under this rule, should
have filed with the County Clerk." In
order to prevent confusion he suggests
that the candidates living in districts
of one county should request a return
of their papers.

MISUSE OF FLAG

United States Will Again Make Rep-
resentations To England.

Washington, June 22.—Further rep-
resentations are to be made to Great
Britain by the United States govern-
ment on misuse of the American flag
by British merchant ships. That these
representations would be included in
the new note to Great Britain now be-
ing prepared, relating to interruptions
to neutral commerce was indicated by
State Department officials.

The London foreign office, it was of-
ficially declared, had been advised
from time to time of several com-
plaints that British steamers had dis-
played the American flag, but the sub-
ject now will be dealt with generally
in the note that is expected to go for-
ward in the near future. Just when
the communication will be sent has
not been determined and is dependent
somewhat upon progress of negotia-
tions with Germany relating to sub-
marine warfare.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia
E. Pinkham's Vegetable
Compound.

Unionville, Mo.—"I suffered from a
female trouble and I got so weak that I
could hardly walk across the floor with-
out holding on to something. I had
nervous spells and my fingers would
cramp and my face would draw, and I
could not speak, nor sleep to do any good,
had no appetite, and everyone thought I
would not live.

Some one advised me to take Lydia E.
Pinkham's Vegetable Compound. I had
taken so much medicine and my doctor
said he could do me no good so I told my
husband he might get me a bottle and I
would try it. By the time I had taken
it I felt better. I continued its use, and
now I am well and strong.

"I have always recommended your
medicine ever since I was so wonder-
fully benefited by it and I hope this
letter will be the means of saving some
other poor woman from suffering."

Mrs. MARTHA STAVEY, Box 1144,
Unionville, Missouri.

The makers of Lydia E. Pinkham's

such letters as that above—they tell
the truth, else they could not have been

SURGICAL CURE FOR EPILEPSY.

San Francisco, June 21.—The
accepted theory of the medical
profession that epilepsy is a brain
disease and incurable was contest-
ed at the Pan-American conven-
tion here by Dr. Charles A. L.
Reed, of Cincinnati, president of
the Congress, who said he had dis-
covered a surgical cure. Dr. Reed
declined he had cured epilepsy
by an operation on the intestines.
"The success of this new opera-
tion," he said, "revolutionizes the
accepted theory that the disease
has its seat in the brain and that
it is incurable. Epilepsy is pri-
marily not a disease of the brain,
but is caused by poisons absorbed
into the system from displacement
or disordered intestines. The op-
eration which I have successfully
used, corrects the condition of the
stomach and intestines, after
which the epilepsy gradually dis-
appears."

RESOLUTIONS OF RESPECT ADOPTED BY WASHINGTON FIRE COMPANY.

Inasmuch as it has pleased God, in His wisdom and love, to call into the higher life our beloved friend, fellow-member and former president, Thomas Alfred Davis, we, the members of Independent Washington Fire Company No. 1, desire to give expression, in this manner, to our keen appreciation of his many splendid qualities, and his many unselfish efforts in behalf of our company.

With us, as for the whole community, he stood always for the greatest good obtainable—putting aside all thought of gain or personal advantage, and attempting only to accomplish those ends which would make for the betterment of the affairs of our organization, and the advancement of its real interests. And so faithfully and so well did he follow his chosen course, during the whole of the fifteen consecutive years when he served us as our president, that he made for himself a record of which we are justly proud, one never surpassed by any of his worthy predecessors in office, and one which his successors can scarcely hope to equal.

In his passing, we know that we have lost a true friend, a loyal member and a wise and eminently far-sighted adviser; and that our community has been deprived of one of its noblest, most generous and most public-spirited citizens, one who spoke and acted fearlessly, at all times, in the cause of civic uplift and improvement, and whose memory will remain with us so long as our people shall continue to recognize and approve a warm heart, a high sense of duty and earnest, unselfish endeavor in every righteous cause.

It is with sincere grief because of our loss, and with heartfelt gratitude for his life among us, that we offer this tribute to his memory.

JOSEPH E. JOHNSON CAMP ADOPTS RESOLUTIONS ON DEATH OF MAJOR CHENOWETH.

At a meeting of Joseph E. Johnson Camp No. 442, United Confederate Veterans, Maysville, Ky., June 18, 1915, the following resolutions were adopted:

Whereas, It has seemed good in the great Providence of God to permit our beloved comrade, Major Thomas J. Chenoweth, not only to live the allotted span of life, but many years of usefulness beyond that period, yet the grief at his loss amongst his comrades of the Confederacy is none the less poignant and heartfelt, and deep gloom spread over our Camp on June 16, 1915, when his death was announced, and every one of the little band of sixteen survivors in the Camp felt that he had lost a warm and devoted friend, with no hope of filling his place in our rapidly diminishing band.

Major Chenoweth entered the Confederate army in 1861 as a private, and for faithful and heroic conduct was promoted to the rank of Major. The south had no braver or more gallant defender, and his numerous friends throughout this and other states sincerely deplore his death.

Resolved, That by his death our Camp has lost one of its most esteemed comrades, and his family, one who was always faithful, loving and devoted.

This community loses one of its best citizens, who was always active in promoting the general welfare, and devoted to his church, his home and his business.

To his devoted family, in this, the darkest hour of bereavement, we extend the light of love and sympathy of his comrades, and ask to share in the sorrow that comes to us all as our loved ones leave us.

Resolved, That a copy of these resolutions be spread upon the minutes of our Camp, and a copy sent to the family.

BOARD OF TRADE

Mr. Frank L. Devine, of New York, Tells How Maysville Could Form One.

The Ledger, believing Maysville should have a live Board of Trade, wrote Mr. Frank L. Devine, Assistant Secretary of the Merchants' Association of New York for information upon the subject.

Below we give his letter in full, without omitting a single sentence. We commend it to every person in Maysville who has the city's interest at heart:

"New York, June 21, 1915.
"Mr. C. E. Dietrich, Gen. Mgr.,
"The Ledger Publishing Co.,
"Maysville, Ky.

"My dear Mr. Dietrich:
"Absence from the office and pressure of work has delayed my reply to your letter of May 12th—a delay which I regret.

"As there is competition among individuals, so, too, is there competition among communities as a result only that community goes ahead which is composed of live, active, progressive citizens working together for the community good.

"The carefully directed, scientific efforts of commercial organizations in some of the cities and towns of this country have made it necessary for the business men of every community—which is to go ahead—to organize themselves into an association of some sort through which to work for the general good of the community in which they live and do business.

"Those who have given some study to the subject are convinced that the progress of any community is in direct ratio to the energetic efforts of its business men through a community organization.

"As every community needs some such organization, it follows that Maysville needs one. It, at least, needs one if it is not to be beaten in the competition of communities.

"Of course, Maysville has had commercial organizations and they have failed to me, because they have directed their efforts almost, if not wholly, to securing new manufacturing establishments for the city.

"Maysville is, and so far as I know, has always been, and I believe always will be, an agricultural center. I do not believe that it will ever be a manufacturing center. There is some reason—I am not sure what it is—why Maysville is not, and can not be, an industrial city. The prosperity of Maysville is dependent wholly upon the prosperity of the people in the great agricultural country which surrounds the city.

"Therefore, the efforts of any commercial organization which is formed in Maysville should be directed towards increasing the purchasing power of this agricultural community.

"You may already have in Maysville a Farm Bureau—I do not know. If you have not, one should be established by your commercial organization if, and as soon as, you organize it. The purpose of these bureaus is to secure and distribute to interested farmers the latest obtainable information concerning agricultural methods, thereby increasing the quality, quantity and value of the farm products. As a natural result, the purchasing power of the farming community is increased and so the town prospers.

"As I look back upon them, the old Tobacco Fairs in Maysville were of peculiar value to the town. Not, at all, because they increased the number of persons in town for that day, and so brought in 'new' money. That result was only of temporary value.

"There was, however, a result of permanent value, in that the farmers were given a certain incentive to produce, from year to year, tobacco of better quality.

"Farm Bureaus, such as I have spoken of, have been operated successfully in many towns situated as is Maysville.

"Through the united action of the business men of the town, such affairs as 'Dollar Days,' 'Buy in Maysville' days, 'Trade at Home' days, could be successfully conducted, both in the spring and fall. The purpose of such movements, of course, would be to induce the persons residing in the country surrounding Maysville to do their shopping in the town. If the merchants of the town would make such a movement seriously, offer merchandise at the right prices, advertise properly, and render the proper service, the merchants would far exceed what the merchants would, at this time, be willing to grant.

"Other lines of activity looking to making Maysville a better place in which to live and do business would very naturally suggest themselves to the organization if its members would give serious service on its committees and governing board. Finally, such an organization would offer the machinery through which could be obtained an expression of the views of the business and professional men of the town on any subject of local, state or national importance.

"Such organizations are successfully operated in cities not much, if any, larger than Maysville. For example, there was recently conducted a campaign for the purpose of organizing a commercial organization in Miami, Fla. The population of Miami, according to the last census, was 5,471. I am told that the city's population is actually larger than the figure given by the Census Bureau, but that its permanent residents do not exceed 10,000. As a result of that campaign 565 members were obtained for the organization, the annual dues being \$25. Miami has today a commercial organization equipped with the proper machinery and with the necessary means to promote its wholesale and retail trade, its tourist business and its agricultural interests. If the organization avoids the mistake of expending its energy on the location of industries, it will succeed.

"In numerous other cities throughout the country, about the same size as Maysville, there are organizations having an annual income of \$3,000 per year and upwards. These organizations generally devote their efforts to promoting the wholesale and retail trade of their towns and to the betterment of conditions in the surrounding agricultural country. The annual dues of members vary from \$12 to about \$75 per year.

"In Maysville probably \$4,000 to \$5,000 per year would be required for the successful operation of its commercial organization. The organization can not hope to live unless it has a secretary who has given some study to the methods of successfully operated commercial organizations. A young man with limited experience

could probably be obtained for from \$1,200 to \$1,500 per year. In addition to his salary, there would be the salary of a stenographer or two, necessary traveling expenses and other office expenses. Four to five thousand dollars should, however, cover the cost of operating a successful organization in the town.

"The dues ought to vary in proportion to the benefits a member could reasonably be expected to obtain from the work of the organization. The big store should certainly contribute more than the small store. If annual contributions were sought from the members of any \$10 to \$50, the necessary funds would quickly be raised.

"In order that the organization have a chance to show its worth, each member should pledge himself to continue his support for not less than three years.

"Memberships should be sought from firms, individuals and corporations.

"Be a little careful in dealing with so-called organization experts. Be sure your man is an expert—and then be sure that he is accustomed to carrying out his contracts. Look up his record.

"Finally, keep your organization out of politics.

"It is really a difficult matter for me, after an absence of ten years, broken only by short visits, to attempt to outline the character of organization needed in Maysville. I have, therefore, written only in a very general way. I shall be very glad indeed to furnish you with any detailed information you may need from time to time, if you will only request it of me, or to help you in any other way that I can.

"With kindest regards, believe me to be, yours very truly,

"FRANK L. DEVINE,
"Assistant to the Secretary,
"The Merchants' Association of New York."

PICNIC A SUCCESS.

The picnic given by the Central Presbyterian church Thursday at Cartmell's woods, south of this city, was a grand success. Over fifty members were present and games of all kinds were indulged in. The most interesting was the sack race and peanut trail. After a strenuous day the tired picnicers returned home.

Miss Lella Wheeler, of Forsyth, Ga., is visiting relatives and friends in this city. Miss Wheeler is teacher of voice in the Besse Tift College, at Forsyth.

HOUSTON HALL

Wins the Kentucky State Challenge Cup At Louisville Shoot.

Louisville, Ky., June 24.—Mr. William H. Hall, of Maysville, Kentucky state champion in 1914, won permanent possession of the Challenge Cup offered by the Kentucky State Trap Shooters' League, in the feature race of the opening day of the annual state shoot at traps of the Louisville Gun Club at Kenwood yesterday.

Hall, Thomas H. Clay, Jr., of Paris, and J. D. Gay, of Vine Grove, each won a leg on the trophy and it was necessary for one of those to be high in the last five events on the program to obtain ownership of the big trophy.

PUMPING COFFERDAM.

The Bates-Rogers Construction Company, who are building the lock and dam No. 33, above this city, started on Thursday to pump out the gigantic cofferdam, 1,000x300 feet, in which the locks will be built. The pumps are of the latest type and pump about 5,000 gallons of water a minute. The water is being pumped into a trough that has many contrivances to break the force of the stream when it strikes the river bed so as to keep it from undermining the works. The water in the dam was lowered about six feet the first day, and the engineers hope to have the cofferdam about pumped dry by Friday afternoon. Many fish have become trapped in the cofferdam and will be caught and the fish-eaters of this vicinity will have a feast.

Messrs. Hermann Calvert and Cecil Dickson, who were on a canoe trip down the river, have returned after going as far as New Richmond. They report a good time and are figuring on a more extensive trip in the near future.

OUR COLORED CITIZENS.

Lecture At Scott's M. E. Church. Rev. Dr. J. W. E. Bowen, president of Gannon Theological Seminary, Atlanta, Ga., will lecture tonight at Scott's M. E. church. Dr. Bowen is one of the most famous orators of his race and the public is cordially invited to attend. A reception will also be tendered the graduates of the Eighth Grade.

Laura Gifford, aged 72, of Washington, passed away late Thursday evening at her home at that place. Aunt Laura, as she was always called, was a general favorite with all who knew her. Burial Sunday afternoon from the Methodist church in Washington. Services by Rev. William Interment in the Washington cemetery.

ARREST LOITERERS.

Officers Bloomhoff and Flizer arrested George "Hogan" Gilbert, Martin Faltz and Frank Condit Thursday evening. These men were disturbing the neighborhood of Wall and Front streets and the officers locked them up on the charge of loitering. They will probably be given a heavy fine as the police are trying to break up all loitering.

William Wilson, of this city, was arrested by Officer Flizer late Thursday night on the charge of drunk and disorderly.

He will be given trial today.

Mr. Charles Lytle, of Fleming county, was here Thursday on business.

Unprecedented Demand

Over 12,000 Overlands have been sold since the new price of \$750 was announced three weeks ago and the factory is over 17,000 cars behind their orders. Automobile mechanics, and even competitors, conceded it to be the greatest value ever known. Already we have sold one-half of our allotment for June and July. If you are going to buy an automobile, no matter how much money you would invest, you will do yourself a positive injustice if you do not look at and get a demonstration of the Overland. No other car selling under \$1,000 has the size, power, conveniences and appearance of the new \$750 Overland. Let us give you a demonstration and be convinced. "Overlands first because Overlands last."
